

LP-20010 Modular Raceway**Section: 38.1 mm x 38.1 mm (1 ½ x 1 ½ inches) Length: 2 m (6.5 ft).**

LP20010_SS_ENB01W

Features

- Low cost solution for assembling the main raceway path of a surface-mounted structured cabling.
- Compatible with the same section fittings for any type of installation.
- Facilitates installation of Category 5e, 6, 6A, 7, and fiber optic distribution.
- Section: 38.1 mm x 38.1 mm (1 ½ x 1 ½ inches) x 2 m (6.5 ft) length.
- Material UL94V-0.

**LP-20010****Modular Raceway****Section: 38.1 mm x 38.1 mm (1 ½ x 1 ½ inches)
Length: 2 m (6.5 ft).**

The **LP-20010** is a modular raceway extruded with a section of 38.1 mm x 38.1 mm (1 ½ x 1 ½ inches) and a length of 2 m (6.5 ft).

It is a very elegant, functional, and affordable solution to build the main path in structured cabling protection of commercial, industrial, or residential environments affixed to a wall or surface.

Easy to cut to size.

It is a component of our line of products for cable management and comes with a very strong and durable adhesive backing for fixing to a clean surface. It is compatible with fittings of its size, surface boxes used for faceplates, ground cable guards for cable management, etc.

This raceway can be painted with a latex based paint, easy to install and use.

It is manufactured with fire resistant PVC, compliant with UL94V-0. It holds, guides, and protects wires carrying up to 600 Volt.

It is possible to supply them in custom colors by special order.

A Specifications

Model	LP-20010
Material	PVC
UL classification	UL94V-0
Color	White
Parts	2
Adhesion	Double face 3M tape
Uses	Voice, data, coax, audio, video, optical fiber (up to 600 VAC)
Dimensions	Width: 38.1 mm (1 1/2") Height: 38.1 mm (1 1/2") Length: 2 m (6.5')

B How to Order

LP-20010 Modular Raceway, section: 38.1 mm x 38.1 mm (1 1/2 x 1 1/2 inches), length: 2 m (6.5 ft).
