Frame Glass Door

LP-R707GPY8XXS
7000 Series NetworkRack cabinet perforated external frame glass doors with Swing Handle Lock

The **LP-R707GPY8XXS** Perforated External Frame Glass Doors for 7000 Series NetworkRacks, combine security and ventilation and is suitable for mixed equipment environments not generating excess heat.

The biggest challenge facing many IT managers today is how to keep their rack mounted equipment cool. To support this objective, we recommend the combination of Fully Perforated front and rear doors. This configuration allows the maximum front to rear air flow through the cabinet.
