7000 Series ServerRack Cabinet  
Solid Steel External Frame Doors  
with Swing Handle lock.**

The LP-R707PSY6XXS Solid Steel External Frame Doors for 7000 Series ServerRack, offers maximum security and is suitable for mixed equipment environments with forced ventilation for heat management.

The biggest challenge facing many IT managers today is how to keep their rack mounted equipment cool. Solid doors require air flow management with forced ventilation, the use of fans is mandatory when all doors are solid.
