**LP-R807BLKXX**  
**8000 Series, Steel blind panels with**  
**1 U, 2 U, 3 U, 4 U or 5 U heights.**

A frequently overlooked component in air flow management, blind, blank or filler panels allow you to close unused U space.

This forces incoming cool air to pass through active components that have pull fans already installed in your cabinet.

Manufactured with 2 mm gauge steel and electrostatic black color painted makes a durable and neat looking product.

Can be custom made to customer specifications to support special needs.
