8000 Series

(LP-R807PFY)
Full Perforated
External Door

LP-R807PFY6XXC
8000 Series ServerRack Cabinet
Fully Perforated External Frame Doors
with combination lock

The LP-R807PFY6XXC Fully Perforated External Frame Doors for Series 8000 ServerRacks with 3 digit combination locks, combine security and ventilation and is suitable for mixed equipment environments not generating excess heat.

The biggest challenge facing many IT managers today is how to keep their rack mounted equipment cool. To support this objective, we recommend the combination of Fully Perforated front and rear doors. This configuration allows the maximum front to rear air flow through the cabinet.
