LPT-MaXspeed

Complete punching tool for X-Class series keystone jack termination

LanPro's **LPT-MaXspeed** tool, is designed to get a quality and very fast termination on our X-Class series keystone Jacks, in a short time and in a perfect way. Every time.

Because our tool is based on pressure and not on impact, the jack doesn't suffer deformation and can be reused without problem. **LPT-MaXspeed** tool is very strong, without plastic parts and can make thousands of terminations without trouble. Made of steel, with black finish and fully stainless-steel blade this tool will last for a very long time.
