LP-VR71210645 VersaLine 7000 Series 45 U Four Post OpenRack with 520 mm width and 22 in (558.8 mm) to 40 in (1016 mm) adjustable depth

LPVR71210645_SS_ENB01W

Features

- Supports up to 1000lb (453.6 Kg) of rack-mount equipment.

- Adjustable depth for versatility from 22 in (558.8 mm) to 40 in (1016mm).

- Flat-packed design reduces handling costs.

- Easy assembly at the point of installation for rapid deployment.

- Full steel construction for superior durability and stability.

- Mount standard networking equipment using standard cage nuts and screws that conform to EIA - 310D.

- Durable Black color powder epoxy coating.

- Bolts directly to floor through prepared access points or with (optional) Casters.

- Self-Squaring design.

- U markings printed on 19" rails for easy location.

- Button holes for easy installation of Cable management ducts and/or Power Distribution Units (PDU's).

- Cable management hoops included.

- Compliance IEC 60950.

VersaLine by LANPRO

7000 Series

LP-VR71210645
VersaLine 7000 Series 45 U Four Post OpenRack with 520 mm width and 22 in (558.8 mm) to 40 in (1016 mm) adjustable depth

The VersaLine **LP-VR71210645** 45U four (4) Post Open Frame Rack fully made of cold rolled steel provides greater versatility, durability and stability, reducing the need for concrete mounting kits.

A cost-effective solution for mounting network equipment and telecom equipment, this four post rack features **Tool-Less** holes for button mounted cable managers or Power Distribution Units (PDU's) and square mounting holes on the frame that allow you to easily mount ANSI/EIA RS-310-D compliant network equipment without additional hardware. Package also includes Cable management hoops (Rings) and Casters.

LANPRO

Cabling Management - Cabinets & Racks - 7000 Series - Open Frame
7000 Series Versaline - 4 Post Open Frame Rack - LP-VR71210645

Easy to deploy, the VersaLine LP-VR71210645 four post open frame rack can be easily assembled in minutes and is backed by LanPro's Lifetime Warranty - ensuring a permanent Server/Telecom storage solution.

Our multiuse four post rack VersaLine LP-VR71210645 is a cost and space effective way to install a variety of 19" equipment. Intended primarily for patch panels or network switching equipment, the four post rack can also be fitted with shelves to support equipment.

Depth is adjustable in one inch increments.

A Applications

Server rooms or other locations where telecomm and networking equipment need to be housed.

B Specifications
