## Modular Jacks CAT3

The LanPro CAT 3 Keystone Jacks provide a cost effective approach for category 3 applications. They are easy to install and very flexible.

Our modular jacks are designed to match perfectly with cables and cords.

Our Cat3 jacks are 100% compatible with our entire line of faceplates. The mix of Cat3 jacks with Cat5, Cat5e and Cat6 units on the same faceplate is totally acceptable and provides flexibility to the designer.

Cat3 plugs: you may expect the same quality of our Cat6 and Cat5e plugs on the Cat3 units. Crystal Clear polycarbonate and gold plated for more durable installations.
