Figure 2

The installation assistant proceeds to install the driver and the utilities as shown in figure 3.

Figure 3

Once finished, please select: "Next" in the window shown in figure 4.

Figure 4

The assistant will proceed to configure the Driver and the Utilities as shown in figure 5.

Figure 5

Figure 7

Figure 6

Figure 8

Proceed to insert the LP-570G in one of the USB ports of your PC as shown in figure 9:

Figure 9

10 The driver will install automatically.

For the connection of the LP-570G to a WLAN, please select the icon showing amplitude of signal vertical bars located in the lower right of the window as shown in figure 10, click the right button of the mouse on it and select the **"Set wizard"** option:

A window will pop-up showing the application, please see figure 11. Please select: "Station" to connect as a client of an AP and then: "Next".

Figure 11

12 In the window shown in figure 12, please select the WLAN you wish to connect to, then select "Next".

Figure 12

13 In the window shown in figure 13, input the needed data in order to connect to the WLAN, then select "OK".
