LP-R712XXXXX 7000 Series of 4-Post Open Frame Racks

The LP-R712XXXXX 7000 Series of **4-Post Open Frame Racks** constitute a very economic solution for server, network, audio, and telecommunication equipment rack mounting. The frames come in three (3) sizes: 27 U, 37 U and 42 U, and in three (3) depths: 600 mm, 800 mm and 1000 mm. Width is 600 mm to allocate the 19" EIA standard size width of rack-mounted equipment.

A variety of accessories can be selected from LanPro's wide product offering, from Power distribution Units (PDU's), to standard or sliding shelves. Also, there are cable management products in horizontal and vertical formats to suit the application.

Easy to assemble by one person only, come in handy boxes to save warehouse space.

Made of steel and protected with oxide finish and black powder painted for durability.

The Racks come with square mounting holes and a bag of 50 sets of M6 mounting hardware (screws and nuts). Bags of additional hardware are supplied as an option.

The LP-R712XXXXX 7000 Series of 4-Post Racks is designed to securely hold heavier rack-mountable computer and data-storage equipment such as servers.
